the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000). The number of people aged 65 and over is projected to increase to 16.5 million by 2020, and the number of people aged 75 and over to 8.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people, and the need to ensure that they are able to live independently and actively in their own homes. The Department of Health (2000) has identified the need to ensure that older people are able to live independently and actively in their own homes, and to ensure that they are able to access the services and support that they need. # FORORD.

av Odd Fr. Johnsen.

"Skriv det ned, før det glemmes!"

Slik lød appellen fra Byselskapets "far", kemner Karl O. Knutson i ett de første medlemsheftene i 1920-årene.

Vi er helt enig med den legendariske kemner, og har derfor nok en gang fulgt hans oppfordring. Vi bringer historien om Vesøen Baatbyggeri, fordi det er viktig at 75 års virksomhet i Torskeviga ikke går i glemmeboka, selv om trebuer og båtslipp nå har måttet vike for boliger og garasjer.

Vi synes heller ikke man skal glemme at Grimstad en gang har vært jernbaneby, selv om det er mange år siden togfløyta stilnet.

Heller ikke personer bør glemmes. I år har vi plukket ut to stykker. De har riktignok ikke etterlatt seg verken næringsvirksomhet eller arbeidsplasser, men deres bidrag til lokalsamfunnet Grimstad er ikke mindre viktig av den grunn. Alf Myhre og Jens Pharo Crawford var i hver sin tidsepoke i fremste rekke på kulturfronten i Grimstad, og vi har mye å takke dem for.

Som vanlig en stor takk til bidragsytere og annonsører, og det samme til Ketil Aslaksen og Arne Egeberg for givende møter i redaksjonskomitéen.
